05 · VOICE

HOW WE SOUND (PARAPHRASED FROM THE SITE)

A grassroots crew for the people doing hands-on tech work across Manatee and Sarasota.

If you build it, fix it, secure it or ship it, there's a seat for you.

Talk shop with peers and pick up something you can use on Monday.

Free, in person, and open to every skill level.

A room of peers, not prospects. The only pitches come from sponsors.

HOUSE RULES

ManaSota always has a capital S.

Plain, peer to peer, a little dry.

No em dashes in any copy.

Skip: innovation, ecosystem, disrupt, thought leader, synergy.

Real photos over stock. Screens, terminals, whiteboards, hands at keyboards.
